Sonoma Valley Prepared For Big Summer Season

Tide of Travel Has Already Begun to Come This Way—Big Outings Scheduled

If we are to be short on other crops this season we can rejoice that the crop of summer visitors to Sonoma Valley bids fare to be a large one for our never failing climate, scenery, mineral springs and adequate accomodations are beginning to attract the first lot of 1916 visitors. Last Sunday eleven coaches crowded with visitors came in over the Northwestern and with the reduced Sunday fare on the S. P. and the better facilities for auto transportation our valley will this year be the mecca foa thousands.

Many of our resorts have big events scheduled that will bring hundreds of people here at one time and the immediate and future benefit to be derived from such advertising is limitless. Other of our leading resorts such as Fetters Springs have so much steady trade and are booked so far ahead in the season for regular guests that they have all they can do without handling excursion parties. Fetters registered over a hundred regular guests last Saturday and Sunday while they had all the transients they could possibly attend to.

Boyes Springs with a state wide reputation and high class attractions for 1916 will do a record business and they have announced the mammoth outing of Southern Pacific employees from Sacramento for the 27th.

Agua Caliente Springs will have the machinists Union No. 248 of Vallejo a thousand strong on June 4th. A special train will bring the visitors to the popular resort and will make the return trip to Vallejo about 8 p. m. thus giving the vacationers a long stay at the Springs where swimming, dancing, games and feasting will be the order of the day.

Sonoma Grove is advertising widely this year and expects several big excursions besides its regular number of permanent guests. Oak Grove will be the objective point forseveral of the biggest picnics from San Francisco; the United Order of Red Men outing will bring hundreds of people here on a special train June 4th.

The resorts all predict a record business; Clements, Louis Lamotte's Elverano Villa, Cranes, O. C. Benjamin's Bellevue, Debats, Dutil's, Larbre's, Franklin's the Savoy, Caliente Villa, Cabanot's Cazes, Rouque's and Vineburg Inn will all have their quota of summer guests, the ideal locations and good cooking commending them to a regular clientage year after year.

Mrs. Farrell will give the seventh annual opening of her popular resort "The Oak's" on the 27th and expects visitors not only from San Francisco but from San Mateo County where she has many friends and acquaintances.

All the resorts in the upper part of the Valley are preparing for crowds and it is safe to predict that from Louis Martin's Vineburg Inn to Pancrazi's Roma Hotel and from Ben Meyers to Cave Dale there will be vacation crowds such as Sonoma Valley has seldom seen the equal.

This is the natural playground and health resort of the Coast, our high class accomodations making the Valley more widely known each season

Y. M. I. MEMBERS AT SAN RAFAEL

The District Meeting of the Y. M. I. at San Rafael Sunday was attended by a representative delegation from here. Forty two candidates were initiated by the degree team of Ignatian council. Seven were from Sonoma. The ceremony was most impressive and was followed by a banquet at St. Raphaels hall.

Local members in attendance were B. Mori, P. W. Paulson, N.J. Dowdell, A. Chelini, W. J. Kearney, Dr. Gobar, R. Emparan, N. Dal Pogetto, W. Kehoe and Aug. Clerici.

SONOMA HORSES FOR JAPAN

Millerick brothers have closed a deal with a wealthy Japanese land owner residing between Santa Rosa and Healdsburg whereby he comes into possession of twelve head of fine young racing stock. The horses will be shipped to Japan where the 'sport of kings' is a coming enterprise. The stock is from some of the best sires that ever looked thru a bridle such former turf stars as 'Bearcatcher', 'Johnny Lyons' and other favorites of Tanforan and Emeryville.

The Millericks are doing a lot to keep the game alive by breeing good stock and the records of the sires of the twelve head which will race in the land of the Mikado commended them to the shrewd buyer who is in the field for promising thoroughbreds.

It is safe to say that the string will give a good account of itself and elicit many a future "banzai".

SONOMA STARTS STREET WORK

City Lets Contract for New Concrete Gutter Preliminary to Permanent Improvement of Napa Street

A force of men are busily engaged in putting in a new concrete gutter along the two blocks on Napa Street which are to be permanently improved with a concrete street bids for which will be let within the next two weeks. Contractor Wm. Trudgen was awarded the contract for putting in the gutter at a cost of $132, including the cost of grading. The grade is a new one which has been established by City Engineer Lewis and necessitates the tearing out of the cross walk from the Plaza to Clewe's corner which was put down to the grade established by County Surveyor Smyth. It is claimed that the new grade will carry off water which stood in the street during the rainy season to the ditch on the West side of the Plaza.

Considerable comment is voiced in the matter of the City starting to put in its one half of the street while the property owners along the proposed frontage have taken no initiative as yet to proceed with their half of the work. The $1500 to be expended by the City for its five inch depth concrete street will be a good example but should the other half of the street not be done simultaneously, traffic will have its ups and downs. According to the municipal improvement act of 1911 the proper owners can have their improvement made and pay it off in installments covering a period of several years.

In commenting on the work Trustee Chas. McDevitt of the street committee said "the work at this stage naturally excites criticism because it is the nucleus of the much needed permanent type of improvement which is more expensive at first but will prove its worth and the wisdom of the Board in the long run. The property owners should get in and have their work done at the same time for sooner or later it will have to come. As for our critics let them produce a superman, a flawless trustee if they can. Meanwhile we ordinary mortals are doing our best"

Trustee Bose of the street committee said that although the work was determined on prior to his taking office he was heartily in accord with permanent and high type improvements when properly planned and contracted for.

WOMANS CLUB MEETING

The regular social meeting of the Womans Club was held yesterday afternoon at the home of Mrs. G. Hotz in whose large parlors daintly decked with Dorothy Perkins roses, the club ladies gathered to hear Mrs. Burlingame talk on "Indian Basketry" and to transact routine business.

In lieu of Mrs. J. A. Poppe's generous thought in giving additional land for the club house, she was made an honorary member by a rising vote of the members.

Mrs, Robt Poppe offered her beautiful home for a benefit card party next month, the proceeds to go to the club house fund. Her offer was enthusiastically accepted.

Mrs. F. T. Duhring reported progress on the club house building.

After the acceptance of several new members, President Stofen announced the feature of the afternoon, Mrs. Burlingame's interesting talk on the origin, symbolism and native craft of basketry as perfected by the Indian tribes of California. It was a delightful subject, well handled and illustrated with a pretty collection of various kinds of baskets. Mrs. H. C. Calderwood supplemented the talk with knowledge she had of the Yosemite Indian's methods.

Tea was served at the conclusion of the afternoon. Mrs. M. Stearns was hostess.

FROST BITTEN VINES GET ATTENTION

Frosted Vineyards Receive Expert Treatment and are Scene of Much Activity

The two hundred acres of vineyard of Rhine Farm and smaller vineyards damaged so severely by the frost of May seventh, have been the scene of much activity this week for the advice of the Horticultural Commissioner and other experts as to treatment of the frosted vines is being complied with and the damaged shoots are being stripped to protect the dormant buds and save the wood for next year. It is an expensive process on big acerage but the Gundlach Bundschu Company feel that it is a neccessity and the work on their big farm is now practically completed. Carl Dresel will not cut back his damaged vines but will wait until succors grow and will then break out. This process will save handling the vines twice. Dresel lost 3-4 of his excellent Johannisberg and Riesling varieties.

George Cassidy, McIntosh, Hyde, Rufus and other viticulturists have stripped off the damaged shoots of their vinevards and are very hopeful of good results.

UNIVERSITY GRADUATES FROM HERE

Among the 1092 graduates from the University of California this week were Donald L. Campbell, college of agriculture, Edgar Clements, Schellville, college of agriculture, Thos. L. Nelson, Kenwood, college of commerce, Jessie Stickle M. A., Sonoma and Frederick Duhring, Sonoma, college of letters.

Mrs. Ralph Hotz, Mrs. Von Hacht and Mrs. G. H. Hotz have been in Sacramento this week representing with Rev. W. T. Holt, Trinity church at the Episcopalian Convention.

We Owe it to Mothers

Mothers Day was celebrated Sunday and there is no other holiday so close to the heart. No matter how prosaic or how commercial the world may be, there is time for the beautiful retrospection of the days when mothers watched over us, prayed for us, hoped for us, sighed for us, cried for us or time for the realization of that all too fleeting present in which she is the grandest principal, our greatest inspiration, too often taken for granted until like the sunshine she leaves us in a gray world alone. The world which worships at the shine of mother love on this day set apart, is a world growing better but let us not be content with poetry and form. Let us not be simply worshippers and dreamers of beautiful dreams. Let us assure mothers that when they have departed this world, the fruit of their toil will be conserved for their children. Let us first of all carry out the great work advocated by many legislators and the womens club of this state today, remake the community property laws so that motherhood may spell eternal protection and hands which toil, which make and which save may be up lifted in prayer to a thoughtful fair and judicious citizenship for practical honor and acknowledgement of motherhood's rights.

Every man and woman will concede the justice of the plea for more equitable community property laws. Every man should prove his chivalry, his devotion and manhood by striving to see that justice is written in the statutes of the State of California, whereby the savings and fruits of noble sacrifice garnered by a faithful wife may be sacred and inseparable, the inalienable heritage of the children for whom her life is given and in his chivalry let him not confound this noble type of wife and mother with the imposter who sometimes desecrates the name, the social parasite despicable. Provide against her taking advantage of the good laws which we are to enact, that the scales of justice may respond to the true and our courts no longer put the crown upon the counterfeit, because of a faulty wording or thoughtless construction. When this has been attended to and the community property laws rightly adjusted, then will mothers have their day.

Shortridge Talked of For U. S. Senate

It gives us great pleasure to voice our commendation of Samuel M. Shortridge who is being urged to run for U. S. Senator by his legion of admirers throughout every section of California. Mr. Shortridge is not only the exponent of the needed political party but is a man of brilliant attainments and one who could do California more good than any man we could possibly send to Washington.

President Wilson, under ordinary circumstances, might aspire to a second term but his academic education and unvirile personality are not adequate for "the hour" and his politics and the platforms thereof have gotten our great and growing United States of America on ground far from stable. The American people are impatient for November to come that they may acclaim their growing belief that we need a stronger hand in the crisis of international adjustment and foreign relationship than President Wilson's and a sounder doctrine than those of Democratic promulgation to put the country on the basis it, as the coming world power, must have. This is no time for theory and book knowledge; we must have practical and quick results in national affairs. There can be no sociological experiment, no transition period for adjustment, or readjustment. In medias res the United States requires a practical Republican president with faith in tried and true Republican principals, and the back bone and the backing to put them into effect.

EL VERANO VILLA OPENING

There will be a fine time at El Verano Villa next Saturday night the date of the grand opening and Louis Lamotte has secured the celebrated Fitzgerald band to play the latest dance music for the dancing in the pavilion which has one of the finest floors in the Valley and will be thronged with merry makers on the occasion.

Mr. Lamotte will leave nothing undone to give his guests a fine time and his liberal spirit in always patronizing the other resorts will no doubt be reciprocated next Saturday night. The Villa is filling up rapidly with regular guests and they will all have their friends up for the big time on the 27th.

SONOMA MOOSE PICNIC IN JULY

The annual picnic of the Sonoma Moose Social Club will be held this year on July 30th and will be a grand all day and night affair, with fine music, dancing and many interesting sports and contests. The picnic will be held at Henry Koerners Oak Grove resort which will also be the scene of the outing of the Petaluma Moose, June 18th.

Pouring oil on the troubled waters may have been all right in its day but putting oil on gusty dusty streets is what is appealing to the traveling public right now and the Sonoma City Trustees are being termed real nice men on account of it.

The little son of Mr. and Mrs. Norrbom ran a rusty nail into his foot Saturday and had to be treated by Dr. Hays. The little fellow was playing along Sonoma Creek and jumped down upon a horse shoe which had once hung over some one's door for good luck and still contained a large nail. The nail penetrated the ball of the foot and the perforation caused the little sufferer considerable trouble. No serious infection resulted.

AUTO WRECK

Morio Fortini, a draughtsman of San Francisco, and his wife were pinned beneath their machine and had a close call from being killed late on Friday afternoon at Shellville when their machine overturned after striking a ditch.

While driving along the Shellville road a girl suddenly ran out in front of the machine and to avoid striking her Mr. Fortini turned his car to the side of the road with the result that it hit the ditch and overturned.

Assistance was quickly at hand and the steering wheel was temporarily repaired with wire so that they could drive to Petaluma to have their injuries dressed and have their car repaired. The car was taken to the garage of Guglielmetti Bros.

The couple went to the office of Dr. A. G. Lumsden for treatment. Mr. Fortini is suffering from a spained wrist, a larcerated scalp and bruises about the limbs while his wife has a bruised shoulder. They returned to San Francisco on Saturday afternoon and will come here next Saturday to get their car The windshield and the steering gear was broken and one of the fenders was bent.—Argus.

CONVENT ENTERTAINMENT

The entertainment, to be given by the Convent School Pupils on the 30th inst. promises, to be as always, really an entertainment, which no one can afford to miss. Music, drama, singing, recitations, including a very fine Shakespearian interpretation, to be given by Miss Irene Nessi, in her usual felicitous and charming manner, will combine to make the evening's pleasure all too short. Do not forget the date May 30th at 8 p.m. sharp at Union Hall.

VISIT OLD STAMPING GROUND

Sonoma wove a magic spell about several former residents last Sunday and they responded to the call to "The Valley of the Moon", took a run up from San Francisco and suburbs to see the old town and renew warm friendships.

Among the prominent visitors was Geo. A. Fisher, manager of the circulation department of the San Francisce "Chronicle" who had not been in the Valley before for twenty eight years. Fisher was a school mate of Jim Tate and made straight for the Tate ranch after a little fraternal visit at this office. He was given a cordial welcome and enjoyedmany reminiscences with his old friend. Fisher holds a responsible and lucrative position on the big daily he represents.

Another visitor to Sonoma Sunday was George Borba, proprietor of the Borbo Printery of San Leandro, who had not been here for 13 years. Borba was formerly on the staff of the Index-Tribune and after leaving here was a salesman for several big type foundries. He is now in business for himself but expects eventually to go to South America where his fluent knowledge of the Portugese language has recommended him as representative for a big American printing concern.

Borba came here for the sole purpose of seeing Joe Ryan and Ye Editress and was more than pleased to meet these two old friends and many others.

Entertainment and Dance Will Be Liberally Patronized by Book Lovers

An opportunity for book lovers to assist the growth of the local Library will be given Friday evening, May 26th, the date of the benefit entertainment and dance at Union Hall. A splendid program and good orchestra will make the evening most enjoyable and the punch bowl and ice cream booth will add to the receipts for the worthy cause.

Sonoma is proud of its beautiful little library and the able administration of its affairs and every one should feel it a duty to attend the benefit and make it a notable gathering expressive of the sentiment we all feel toward promoting the growth of knowledge and the broadening influences which are given to a community through its library patronage

SECURE FORMER SONOMA PASTOR

"The long search for a minister to occupy the pulpit in Piedmont's place of worship, where creeds are discountenanced in the interest of a religion of all, has been ended by a message from the Rev. Charles D. Milliken of Honolulu, stating that he will accept the post. The new minister will assume his duties as pastor to the flock on August 1.

Rev. Milliken recently delivered a series of sermons in Piedmont upon invitation of the board of trustees of the city's non-sectarian church. The impression created with the congregation, which had all but despaired of finding a successor to the Rev. John Stuchell, who resigned over a year ago. was such as to cause the church trustees to offer him the position immediately.

Before the offer could be officially made Milliken returned to his island home. The news of his selection was forwarded by mail. An anxious period of waiting followed which was finally relieved when word of Milliken's acceptance was received."

Milliken was one of Sonoma's most popular divines and occupied the pulpit of the Congregational some years ago. His broad views education and personalty made him a great favorite.

Joe Lucio, the well-known shoe man, was in San Francisco the fore part of the week.

MEDICOS MEET AND BANQUET

The Association of Surgeons of the Northwestern Pacific railroad held a banquet and conference here Saturday evening and many noted medical men were present. The Toscano Hotel was the scene of the banquet and the dignataries cast off all seriousness and were true Bohemians for the two pleasant hours around the festal board where they partook of a fine Italian dinner prepared by the chefs of Mine host Ciucci and enjoyed immensely every course from soup to the cafe noir. There was much clever repartee and many good stories which goes to prove that humor in physicians does not atrophy between banquets.

After the excellent menu had been served many of the dinner party went to Santa Rosa where they were the guests of the Elks Lodge. The following day the doctors held a clinic at the County Hospital.

Among those present at the banquet Doctors Southard, Lux, J. H. Shaw, Black, Bogle, Lucas, Malpas, Kuser, Dufficy, Hays and Thomson.

ROYALLY ENTERTAINED

Mr. and Mrs. Ray Hunter who represented the Odd Fellows and Rebekahs of Sonoma at the grand conclave in San Diego last week, returned home Saturday after a splendid trip and royal entertainment in the Exposition City. They attended many receptions and banquets, were taken on trips to Tia Juna and Point Loma, passed through the flood district of the Ormay Valley and enjoyed the beauties of San Diego's Fair. Both agree however that Northern California far surpasses the South and Mr. Hunter declares that he saw nothing there that appealed to him as far as Nature's gifts of scenery, climate and soil. However he greatly admired the progress and high class improvements of the counties in that part of the State and thinks we could emulate them in many respects.

Mr. and Mrs. Hunter had the good fortune to meet Ralph Buchan of the the flag ship San Diego which was anchored in San Diego harbor during their stay.

WHAT CATARRH IS

It has been said that every third person has catarrh in some form.

Science has shown that nasal catarrh often indicates a general weakness of the body; and local treatments in the form of snuffs and vapors do little, if any good.

To correct catarrh you should treat its cause by enriching your blood with the oil-food in Scott's Emulsion which is a medicinal food and a building-tonic, free from alcohol or any harmful drugs. Try it.

OLDER BUT STRONGER

To be healthy at seventy, prepare at forty, is sound advice, because in the strength of middle life we too often forget that neglected colds, or careless treatment of slight aches and pains, simply undermine strength and bring chronic weakness for later years.

To be stronger when older, keep your blood pure and rich and active with the strength-building and blood-nourishing properties of Scott's Emulsion which is a food, a tonic and a medicine to keep your blood rich, alleviate rheumatism and avoid sickness. No alcohol in Scott's.

SCHOOL CHILDREN SCORE SUCCESS

New Auditorium Scene of Fine Entertainment. "Wind Mills of Holland" to be Repeated To-night

The talented children of the Grammar School scored a decided success last night at the entertainment in the handsome new auditorium and showed not only a wonderful aptitude for their ages but also response to exceptional training which made the entire performance of great enjoyment.

By eight o'clock the assembly hall was thronged with spectators, for news of the good program and tuneful music had gone abroad and all were eager to see the performance. The Doll Drill arranged by Miss Minnie Cook was the first number and fourteen tiny misses with as many wistful eyed dolls went through a very pretty and expressive pantomine supplimented with two songs one of which "Sleep Baby Sleep" was the finale of the number. The children dressed all in white with varicolored ribbons in their hair each fondlnig a favored doll made a wonderfully pretty and effective picture.

The participants were; Countis Prestwood, Caroline Wade, Florence Campbell, Josephine Hoover, Martha Price, Frieda Alber, Josaphine Bianchini, Dorothy Rich, Eva Darter, Lizzie Alber, Viola Cantoni, Jane Suttie, Alice Mazzucchi and Violet Bordson.

Another beautiful number was the wreath drill given by twenty little girls in pink costumes with pink and green wreaths which they used in the graceful marches and poses to the tuneful music of Carl Bohm's 'La Grace'. The pupils in this drill include Louise Miles, Zolita Clerici, Albina Nardi, Verna Quartaroli, Vera Scott, Marguerite Froment, Frances Murphy, Adine Hubbard, Mildred Nelson, Madelene Nelson, Elizabeth Lewis, Aletha Skinner, Martini Bianchini, Irene Bianchini, Veeta Paestwood, Augusta Zemina, Evelyn Ward, Evelyn Peterson, Katherine Banchero and Mabel Branch.

Following the wreath drill Miss Eleanor Rensch gave a beautiful aesthetic dance.

The Operetta "The Wind Mills of Holland," tuneful and full of humor was the grand finale and scored a big hit. Some of the most catchy numbers of act 1 were "The Spider and the Fly." "There are Others," "Looking For a Girl," "Fishing," and "In Dreamland."

"Looking for a Girl" was sung by Roy Bill who displayed great talent as a comedian and with the girls in picturesque Dutch costumes won much applause.

Harold Prestwood as the-up-to date American salesman and Gertrude Johannsen as Wilhelmina made a hit with their duet "Fishing." Charley Price as Hertogenbosch and his funny question "Vot Is It?" evoked much merriment.

In act II the chorus and principals had the big drum song for the opening number "Ill Never Speak to You Agnin," A Common Game" "Poppies" and "When I was Young Like You" sung by Charley Price were all hits of the show.

Doris Calleund, Mildred Erickson, Louis Foster and Elmira Rensch were the other principals in the cast and made the tuneful "Wind Mills of Holland" a success from the time the curtain went up until the last refrain.

The success will be repeated tonight at 8:15 with dancing to conclude the evening.

The children at the State Home did not take in the circus at Santa Rosa as has been their usual custom. Dr. Dawson thought it inadvisable on account of the prevalence of chicken pox in the institution.

A fine one hundred dollar electric cooking range has been installed by H. J. Watters in his home on Second street east.

Speed Cop Ragain swore to a complaint this week charging Mike Mannuck with speeding.

Game Warden Lencioni filed a complaint Thursday charging Monsieur Clements of Clements Grill with having quail in his possession out of season.

HISTORICAL SONOMA

Editor Nowlin of Healdsburg in reviewing the meeting of the Sonoma County Press Association held here had the following excellent tribute in the Scimitar of last week;

Historic old Sonoma is a most fitting place to conclude the organization of an association of men that is bound to have great force in the future history of the county. Sonoma seems peculiarly set for the historic pageant real or mock. There we see a Mission nearly one hundred years old, and in it's shadow the dreamer can find substance for many a pleasing vision of days gone by. There was born the Republic of California, later to become one of the most famous states of the American nation. There the red-shirted miner met and conquered the red-skinned man and his mate, to be later conquered by the Missionary and directed to the paths of peace from the turmoil of what today seems te have been the very melting pot of a universe. There brave men raised a flag upon whose milk white field a rampant grizzly bear charged 'neath the rays of a single red star, emblem of love or death just according to how one's personal code of honor, or morals or lack of them, met the code of honor and uneven temper and morals of the day and time and place. No history of California can leave out the name of Sonoma. We might forget the other towns of the state, famous as some of them are, and still have a reasonably correct story of the state's romance and hate, love and despair, deeds and disaster; but we cannot leave out the name of Sonoma. There in the little ten acre plaza that fronted the old mission and that anchored the pole from which was flung to the wind a flag of defiance to all the world, is clustered the memories of all that is bold in the state's early history. One has no difficulty in conjuring up visions of the olden golden days if he stand beside the Sonoma Mission and look about him. One need not be a dreamer or a poet to feel and know that here has been cradled a nation in the making, that here met and struck hands for love or for death the old civilization and the new, that here each white man shared the common danger of every other white man and that men were bold from necessity and bad from choice in the days when the city of Sonoma, capitol of the Republic of California, was young and proud as most young things are.

HARRY WEISE FOR SUPERVISOR

Elsewhere in these columns will be found the formal announcement of the candidacy of J. H. Weise for Supervisor of this district. Mr. Weise believing that he can be of the greatest service to his district and Sonoma Valley seeks reelection and from the words and letters of encouragement he has received he is plainly the popular choice of a large and influential constituency.

During his incumbency Supervisor Weise has not been radical in his methods but has aimed to give the entire district service and to map out improvements and work which would endure. Many plans for betterment have not been practicable during the present term but he is not unmindful of the neccessity for permanent improvement nor the need of modern methods of efficiency of which he is an ernest advocate. Mr. Weise's honesty and proven interest in his district's welfare commend him for the office to which he again aspires and his loyalty to Sonoma Valley's best interest is unquestioned.

Harry Weise is a practical farmer and big property owner and resides at Glen Ellen with his family The hospitable home over which Mrs Harry Weise, the popular club woman, presides is known throughout Sonoma county and the children of our Supervisor are well liked students, the eldest son ambitious to finish his education at the University.

Altogether Mr. Weise is the type of citizen to whom the important affairs of a Supervisoral district may be entrusted for another term.

Dewey Wagner plead guilty to driving a vehicle in a reckless manner and sentence was suspended by Judge Small.

PROMINENT VIEWS ON PROHIBITION

Gertrude Atherton

"That a great and poetical industry should be ruined, and sane adults insulted by being informed that they are not able to take care of themselves, or, to put it another way, the temperate made to do penance for the intemperate, is not only unjust and illogical, but the passage of such a bill into a law would make our State the laughing stock of the world."

"I am not and never have been in favor of prohibition. The W. C. T. U. people heve asked me at different times (not recently) to help them and I have always declined, not that I am not in favor of temperance, but because I did not think their methods are always wise or likely to acheive the end in view.

Mrs. Phoebe A. Hearst

"I am opposed to intemperance, but not to a moderate use of wine, and I am convinced that the countries where wine is freely used are not those where the highest rate of intemperance prevails.

In this wine producing State especially I think it would be a mistake and do much more harm than good to establish prohibition."
